The Secretary to the Government of

Sir,

5719

With reference to your letter No. L. 1182, dated 20th August 1925, in the matter of the preparation of plans and estimates for a new Lunatic Asylum building in Bangalore, I have the honour to inform you that a rough sketch, showing the requirements as proposed by the Present Superintendent of the Lunatic Asylum, was sent to the Executive Engineer, Bangalore, for needful action on 9th January 1925, and the fact was also intimated to the Chief Engineer, to whom, the old rough plan, sketch and estimate for the Hospital Block, which had been got up in 1920-21, in accordance with the orders of Government conveyed in Letter No.G.4988 Med. 14-18-2, dated 6th September 1918 and Government Order No. 18913-16 Med. 14-18-8, dated 17th February 1920, have also been forwarded as desired by him.

The Chief Engineer, however, requires me to obtain orders of Government whether they will sanction Rs.10 lakhs for the purpose in the near future. His idea is that it is only in the event of Government being prepared to sanction or allot at least a couple of lakhs every year from next year, it will be worth while to prepare detailed plans and estimates, which, if not worked out within a year or two, will have to be again revised after lapse of more time. I request that Government may be

be pleased to pass orders on this point for the guidance of the Chief Engineer.

I have the honour to be,

Sir,

Your most obedient servant,

Senior Surgeon.
